- **Talk to your doctor** if your symptoms worsen or you do not feel any benefit from this product within 4 weeks.
- Side effects are minor: see section 4.

Now read the rest of this leaflet carefully. Keep this leaflet. You may need to read it again.

1. What this product is for

Stress Relief Daytime is a traditional herbal medicinal product used for the temporary relief of symptoms of:

- Stress
- Mild anxiety

This is based on traditional use only.

Do's & Don'ts

2. Before you use this product

Do not take this product:

- If you are under 18 years of age.
- If you are already taking another medicine to help you sleep or for anxiety.
- If you are taking another medicine which is affected by alcohol.
- If you are allergic to any of the ingredients in this product (see section 6 Further Information).
- If you are pregnant or breast-feeding.

You should also know

- This medicinal product contains 62 vol % ethanol (alcohol), i.e. up to 280 mg per 20 drop dose, equivalent to 7 ml beer (half a tablespoon) or 3 ml wine (less than a teaspoon) per dose.
- If you suffer from alcoholism the alcohol content of this product may be harmful.
- If you are in a high-risk group (patients with liver disease or epilepsy) you should consider the alcohol content before taking this product.

Using

3. How to use this product

Adults and the elderly:

Take 10–20 drops in a little water or fruit juice once or twice daily.

The effects of this product may not be felt immediately. You may need to take it for up to 4 weeks for best results.

Don't take more than the recommended dose.

This product is not known to be habit forming.

If you take too much

- If you feel ill, talk to your doctor. Taking too much is unlikely to be harmful.
- Overdose of this product may result in alcohol intoxication and should be treated accordingly (See section 2 You should also know).

If you forget to take this product

- Don't worry about the missed dose. Take the next dose as usual.

Using

If you feel this product isn't working

- See your doctor if your symptoms worsen or do not improve within 4 weeks.

Side effects

4. Possible side effects

Like all medicines, this product can cause side effects, although not everybody gets them.

Minor side effects

The following minor side effects can occur when using this product.

- Feeling sick
- Stomach discomfort

These are often short-lived and should go away by themselves. However if they are troubling you, talk to your doctor or pharmacist.

If you are concerned about any side effect or if you notice any side effects not listed in this leaflet, please tell your doctor or pharmacist.

Driving and using machines

- This product is intended to help you relax. If you feel drowsy do not drive or operate machinery.
- The effects of this product may be increased by alcohol. Excessive use of alcohol should therefore be avoided.

Information

5. How to store this product

- Keep out of the reach and sight of children.
- Do not use this product after the expiry date on the packaging. The expiry date refers to the last day of that month.
- Use within 5 months of opening.
- This medicinal product does not require any special storage conditions.
- Do not use this product if you notice a change in colour. It should be a clear liquid that is greenish brown in colour.

6. Further Information

What this product contains

1 ml of oral liquid contains:

Valerian root tincture 0.5 ml

(*Valeriana officinalis* L.) (1:10–11)
Extraction solvent: ethanol 58% V/V

Hops strobile tincture 0.5 ml

What is Valerian?

Valerian is a flowering plant which is native to Europe and parts of Asia. It is the extract of Valerian roots which is used to make Stress Relief Daytime.

What are Hops?

Hops are flowering plants native to the Northern Hemisphere. Each plant produces either male or female flowers. The extract of the female flowers (commonly called Hops) is used to make Stress Relief Daytime.
